THE BEST ADVERTISING MEDIUM IS THE

CITY DIRECTORY

Because It Is Used The Most To Find Just Such
Information You Most Wish To Have
The Public Know

FIRST—what line of goods you handle. SECOND where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, grocery, etc. and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

RUTLAND

The publishers of this Directory consider it advisable and desirable to set forth the following paragraphs, in as simple and attractive a manner as possible, to enable the readers of these descriptive pages to comprehend as many of the outstanding features of Rutland as limited space permits. The local resident, the visitor, and the distant reader about Rutland wish to gain an impression of Rutland as well as to have at hand a statistical reference regarding the city and its people. It is the publisher's aim to portray as much of Rutland's charm and greatness as is consistent with facts. We believe with John Cotton Dana, the great librarian, that "Good citizenship springs from a knowledge about one's own community." The teachings of the City Map and the City Directory about localities, districts, street locations, street changes, growth of sections and general city changes are of great importance to property owners, old residents, new residents and school children. Racial characteristics of the inhabitants of the city and many other educational facts. Notable men all through history have contributed their philosophy as to the value of knowledge about the home town. Here is one from Abraham Lincoln: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him." In studying the following, remember that the Rutland City Directory disseminates this information far and wide where this Directory represents Rutland in the Free Directory Library Exchange System of North America. The Rutland City Directory, with over 440 closely printed pages, is the City of Rutland in book form; its family and social life, business and industrial life, is portrayed in great detail. The publishers invite and accept constructive criticism and suggestions for the improvement of the Directory for the benefit of Rutland and all interested.

For further information regarding Rutland, address Rutland Chamber of Commerce, or H. A. Manning Company, Publishers of this Directory.

LOCATION—Rutland, known as "The Marble City," is located midway of the State north and south. Its is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Distances as follows to important eastern points: New York 235 miles, Boston 167, Montreal 165, Philadelphia 325, Baltimore 420, Burlington 68, Montpelier 66, Bellows Falls 51, Glens Falls 50, Bennington 57, North Adams 77, Schenectady 95, Ogdensburg 224, St. Johnsbury 106, Brattleboro 77.

TOPOGRAPHY—Probably no important city in New England has so grand a setting as Rutland. The city lies among picturesque lakes and streams, the encircling mountains are near, yet far enough away to give plenty of building room and the broad valley running north and south for many miles is one of the beauty spots of America. Noted mountain peaks of the Green Mountain and Taconic ranges can be seen from high parts of the city. The highest peak visible is Mt. Killington, over 4,241 feet. City is 600 feet above sea level. Contains land area of $8\frac{1}{2}$ square miles, water area of 100 acres.

HISTORICAL—The history of Rutland vies with any city in the land for interest. It was settled in 1761, and by 1774 there were 35 families. In common with all frontier settlements it suffered from the depredations of the Indians, and also from the Colonial and Indian Wars. Probably named after Rutland, Massachusetts, because the first grantee of the charter for township was a John Murray from that town. Incorporated a city in 1892.

RECREATIONAL—Rutland is happily situated for the health and pleasure of its citizens and visitors in their leisure hours, and Rutland is in the midst of an outdoor country of great appeal. It is located in a broad valley, and looking to the east is the incomparably beautiful Green Mountain range, with its Killington, Shrewsbury and Pico peaks forming a most fascinating sky line. To the west are more unusually beautiful mountains, Bird Mountains and the northern end of the Taconic Range, and to the north a broad valley reaching into the Champlain valley, also to the south an unusually beautiful valley running into Massachusetts and the Berkshires. From any high point in the city of Rutland can be seen the high points of Taconic range to the southeast, which really separates Vermont from New York state.

It is probable that no place exists in northeastern United States with more natural advantages for outdoor sports and recreation. In the summer the atmosphere is buoyant and healthful and lends to physical activities, whether on the golf course, tennis courts, or baseball parks. There is also mountain climbing to be had within a few miles of the city. The

trail to Mt. Killington, over 4,200 ft. in height, is one of the notable mountain climbing stunts of western New England. For lesser climbs there are Shrewsbury over 3,700 ft. and Pico over 3,900 ft., and the trails in the Green and Bird Mountains. Lake Bomoseen is also available to Rutland residents and visitors, at a distance of about 15 miles, and is a fine body of crystal clear water, some 10 miles in length. Lake Dunmore, 26 miles north of the city, on U. S. route 7 is also a Rutland recreational attraction, for camping, boating and bathing. There are other smaller lakes not far distant from Rutland, and easily accessible.

Of particular interest to outdoor sports lovers is the proximity of the "Long Trail," which passes within 10 miles of Rutland, doubling along the ridge of the Green Mountains, and crossing the following highways: 11 east of Manchester Center, 103 east of Wallingford, U. S. 4 east of Rutland and Mendon, and 115 east of Brandon, also an unimproved highway east of East Clarendon at Cold River. This trail skirts the peaks of little Killington and Killington, little Pico and Pico. This is one of the most famous trails in eastern North America, and has a large number of hikers annually. Rutland is one of the supply points on this trail. There is a winter sports area on Pico peak much frequented by Rutland ski enthusiasts.

INDUSTRIAL—Rutland leads the State in industry. In 1940 there were 39 major plants making a variety of more than 50 products valued at over \$7,000,000. Employing over 2,000 with a payroll of more than \$2,500,000 annually. Materials used annually cost \$3,000,000. In the Greater Rutland industrial district there are 113 plants with 5,112 employees, and a payroll of \$7,000,000, value of products annually \$20,000,000. The leading products are anti-septics, medical products, awnings, flags, barrels, books, confectionery, cement, electrical parts for airplanes, tile, dairy and creamery machinery, women's clothing, fire clay, roof cement, shirts, collars, ice cream, printing, maple sugar utensils, marble, mattresses, railroad car repairing, sand pumping machinery, scales, trucks, refrigerators, beverages, medical bandages and pads, steam boilers, iron work, stone working machinery, tin cans, wood working materials, granite, slate, garden tools, toys, artificial stone finish, iron castings, fruit packing, clothes pins, threshing machines, saws, dairy products. The quarrying of marble, slate, lime, talc, soapstone and fire clay is extensively carried on in the Rutland district. Agriculture, fruit raising and dairying are important in the county. There are over 45,000 farm animals in the county; 92% of the labor supply is native born. Available industrial sites are of the best and on trunk line railroads.

FINANCIAL—Rutland has 5 banks and 1 co-operative bank. There are 2 national banks with capital and surplus of over \$1,000,000 and deposits of nearly \$7,000,000; 1 trust company with deposits of over \$2,000,000; 2 savings banks with resources of \$23,000,000. These make a total of 6 banks covered by this Directory. City real estate valuation is nearly \$11,736,365 assessed at about two-thirds value.

EDUCATIONAL—There are 6 elementary schools, 1 high and 1 intermediate, making a total of 8 schools, 5 Parochial. Through a new high school building, provision has been made for growth which is pressing. There are 85 teachers. The schools are managed through a board of commissioners of 11 members elected by the voters of the city. The present enrollment is about 1,734. The parochial school enrollment is over 1,581. Public Library has 42,000 volumes. Directory Library has 250 volumes covering 1,200 cities and towns at Chamber of Commerce and maintained by H. A. Manning Company.

MERCANTILE—Rutland is a trading center for 100,000. It is the commercial center for an area covering a radius of 40 miles from the city. There are 316 stores, retail and wholesale. There are three miles of store frontage located mostly on Merchants Row, Center, West, Wales, Strongs Ave., Willow and Evelyn Streets. Annual sales in 1946 were \$18,000,000 wholesale, \$6,000,000 retail; 262 proprietors and copartnerships and 61 corporations. 1525 employed clerks, payroll of \$1,195,000. There are over 200 professional offices.

TRANSPORTATION—Rutland is the largest railroad center in the state. Steam railroad lines diverge in six directions. The headquarters of the Rutland Railroad is located here, this system has 413 miles of main line running from Troy, N. Y., through the length of Vermont and across northern New York to Ogdensburg where it connects with Great Lake-St. Lawrence River navigation; there is also a branch from Rutland to Bellows Falls where it connects with two important divisions of the Boston & Maine Railroad; a high type of passenger service is maintained; it is one of the great freight services of New England with its transcontinental connections. The Delaware & Hudson Co. have the terminus of two divisions here: the Whitehall division connects with the main line and offers a route into Canada and also into Pennsylvania; the other divisions connect with the main line at Troy. The Clarendon and Pittsford Railroad is a short line. Total number of passenger trains in and out of Rutland daily are 26. There are 13 regular freight trains, the total inbound and outbound tonnage annually is nearly 300,000 tons. With the discard of street railway system Rutland inaugurated a complete bus system which has grown very efficient and not only serves locally but interurban. There are also 7 interurban bus lines covering a total of 295 miles. The main route highways diverge in six directions from Rutland. Two of these highways are concrete and three macadam, with following route numbers: 4 to Whitehall, N. Y.; 4 to Concord, N. H.; 7 to Troy, N. Y.; 7 to Burlington and Montreal, Can.; 103 to Bellows Falls; 30 to Middlebury via Castleton; 3 to Pawlet via Castleton; 3 to Pittsford via Proctor; 286 to Granville via Poultney. The airport has a runway of 4,100 feet north and south and 3,600 feet east and west.

RUTLAND

Trading Center for a Population of Over 100,000

ONE BLOCK OF MERCHANTS ROW

A Charter was granted to the Town of Rutland on September 7, 1761, and Rutland was organized as a City on November 19, 1892. It has a population according to 1940 census of 17,217. City and town 18,557, present estimate 20,000.

Rutland, known as "THE MARBLE CITY" is located midway of the State of Vermont north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Boston is 167 miles, New York City is 235 miles, Montreal is 165 miles, Philadelphia is 325 miles, Baltimore is 420 miles, Burlington is 68 miles, Montpelier is 66 miles, Glens Falls is 50 miles, Albany is 90 miles and Schenectady 100 miles.

Rutland is an industrial center and the largest railroad center in the State, served by the Rutland and the Delaware & Hudson Railroads. State and Inter-state buses serve the city.

Industries are seeking advantages of attractive topography, open country in which to expand and build homes for employees, good transportation facilities, a friendly and progressive people, natural resources of agriculture, dairying, mineral products.

Hotels, inns, tourist homes and cabins, restaurants, grills and diners for every taste and every purse are located in Rutland. City water supply from pure mountain brooks.

Rutland Commercial Area

The view shown below gives some idea of how vast and attractive is the Greater Rutland terrain in which industries and business houses can locate and expand. For healthful and attractive location it is doubtful if any section can offer more than Greater Rutland has available for homes. Railroads in five directions. Highways in seven directions. Airways in process of planning. The purest of mountain brook water feeds the reservoirs.

OVERLOOKING MARBLE QUARRIES IN WEST RUTLAND LOOKING EAST

City of Rutland lies beyond first low hills
Distant Skyline is Green Mountain Range

The distance across the valley at Rutland is some 20 miles east and west; north and south is unlimited. Nearby in all directions lies a particularly pleasing sports and playground with lakes, mountains and valleys. Winter and summer sports have become a substantial industry. New industries are coming to Rutland. Consumer markets are in this section of the country. A spirit of welcome prevails. 100,000 people in the trade area. 34,000,000 consumer population within 500 miles.

There are 323 retail and wholesale establishments occupying over three miles of store frontage on seven streets. 262 of these are proprietors or copartnerships and 61 are corporations. Nearly 2000 clerks are employed. There are over 200 professional offices.

Recreational Rutland

IN Promoting a Greater and Better City, it has been the aim of the planners of Future Rutland to give full emphasis to the Pleasure and Health aims for our Citizens. Prominent Recreation and Sports are Athletics, Hiking, Mountain Climbing, Horseback Riding, Trail Tramping, Snowshoeing, Skiing, Camping, Picnicing, and just pure relaxation in the buoyant healthful atmosphere of Rutland County.

In addition to the sports possibilities of the Mountains to the east and west of Rutland, there is a Development of Recreational Facilities within the city, to make life more happy. Golf Courses, Tennis Courts, Baseball Parks Athletic Fields, and the Finest Municipal Bathing Pool in the State are already possessed and more planned.

The experienced mountain climber can try Mt. Killington rising to an elevation of over 4,200 feet, or Pico Peak of some 4,000 feet, or Mt. Shrewsbury of 3,600 feet. These are nearby and accessible, and all are visible to the east from the city. Ten miles to the west are the Bird Mountains, which are really the beginning of the grand Taconic Mountains ranging south along the Vermont-New York State line into Massachusetts and Connecticut; this range culminates in famous Mt. Equinox of 3800 feet and visible to the south in clear weather and certain locations in the city. Greylock Mountain in Massachusetts is a spur of this range and is the highest point in that state.

Rutland Municipal Bathing Pool

Some notable Trails run over these mountains, and Rutland is one of the supply points for their large number of hikers.

Competitive sports of our High Schools with those of other cities and towns in Vermont and neighboring states have long been outstanding. Baseball, Football, Basketball, Tennis, are part of the regular school schedule of athletics. Rutland professional baseball has thrived here, and as a member of the Northern League has reached attendance as high as 6,000 at a game.

It is coming increasingly into the picture of Recreational Rutland that this is a very healthful climate and sports are a part of that climate.

Rutland Numerical Street Directory 1949

Copyright 1949, by H. A. Manning Co.

Containing a full list of streets and roads, with the dwellings and stores located thereon. Residences and places of business are designated by their street numbers, numerically arranged. Where the houses are not numbered, the householders are arranged in the order they come on the street. Figures in parentheses following names, indicate number of rooms, suite or apartment in building.
△ Indicates telephone.

This is the Sign of the Progressive Merchant

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Everyone has forefathers, these forefathers have made the history of this country; someday you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. The BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND IN NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

Publishers' Notice

The following pages are devoted to the interest of industrial, educational, mercantile and professional Rutland. In these pages will be found announcements of all classes of business houses, placed here for the purpose of enlightening those who would BUY IN RUTLAND.

In no other place will such a huge amount of data regarding Rutland be found. It represents indefatigable labor on the part of the publishers coupled with the progressive and co-operative spirit on the part of those listed herein. RUTLAND thus writes a milestone in its history that must have far reaching effects on its progress.

If this book serves you and your city you can do no less than give recognition to the men and institutions who have made this possible. Some big men in Rutland have had such a belief in this Directory that they have gladly given of their time and finances that some of the institutions might have registration. To these men in particular we wish to offer our congratulations and gratefully acknowledge their civic spirit.

The Churches

WITH A TOTAL OF TWENTY-SIX CHURCHES representing all the leading denominations, Greater Rutland is well supplied with churches.

These noble edifices placed at intervals about the city add much to its attractiveness and charm.

It is the belief of many Rutlanders of vision that this full and adequate supply of churches is one of the greatest of the many resources of the city.

That for newcomers it is a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

The church of today is the greatest of all institutions for the planting of good thoughts in the minds of the people and stands as the bulwark against degrading influences that surround us. Therefore let us give a thought to these institutions that form so great a part of our city life and in visualizing our future greatness let us remember their value as

A Factor for Progress

When You Place Your Ad in the City Directory

You are not only talking to all persons looking for goods in your line, but you are backing up all the other advertising you are doing or have done. Many times every day people are looking you up in the directory who have seen your advertisement elsewhere. The representation in the directory is your closing argument—should it be WEAK? We believe there is only one business answer to this.

INDUSTRIAL RUTLAND

As an industrial center Rutland dates to the beginning of Vermont. It is surrounded by natural resources for Industrial Marble, Fire Clay, Slate, Lime, Talc and Soapstone, Agriculture, Forest Products, Dairying. It has location, Hydro-Electric Power, Transportation. Within 500 miles live 34,000,000 consumer population.

There is a diversity of products that stabilize the labor market and encourage manufacturers to do long term planning. Rutland offers many opportunities for industries to locate here and has many fine splendid sites for large and small plants with or without railroad sidings.

There is an exceptional supply of labor to be drawn from Rutland and adjacent counties. Freedom from labor troubles and opportunities for taking care of housing problems are especially good.

Products made here include Antiseptic and Medical Products, Awnings, Flags, Barrels, Confectionery, Cement, Tile, Dairy Machinery, Creamery Machinery, Dresses, Power, Fire Clay, Roof Cement, Shirts, Ice Cream, Ice, Printing, Lumber-Interior Finish, Maple Sugar Utensils, Monuments, Railroad Car Repairing, Sand Pumps, Scales, Trucks, Refrigerators, Carbonated Beverages, Steam Boilers, Iron Work Stoves, Working Machinery, Tin Cans, Smoke Stacks, Bridges, Fire Escapes, Storage Tanks, Structural Steel, Collars, Mattresses, Stoves, Clothes Pins, Threshing Machines and Saws.

There are 37 major plants producing about \$7,000,000 annually; employing 1642 with payroll of \$2,093,861. Materials used annually cost over \$2,350,000. In the greater Rutland Industrial district there are 113 plants with 5,112 employees and annual payroll of \$6,650,000 and products valued at nearly \$20,000,000. Quarrying of Marble, Slate, Lime, Talc, Soapstone, Fine Clay is extensively carried on. Agriculture, Fruit raising and Dairying are important in the district. There are 45,000 Farm Animals in the county. 92% of labor supply are native born.

★ *Facts about* ★ **THE NATIONAL SURVEY**

Established over 37 Years ago

Operating over the entire eastern United States and Canada.

An organization engaged in creating, designing, editing and publishing advertising folders, booklets, maps and guide books—for the most part distributed free. This work is done on contract for state governments, associations, chambers of commerce, advertised tourist attractions, hotels, ferries, toll bridges, etc.

A highly developed commercial art department, staffed by experts, is equipped to prepare any kind of illustrations for advertising use, retouch photographs, opaque negatives, make color separations, touche lithographic plates, etc.

All forms of reproduction are used—printing, planography, lithography, offset and gravure, according to the nature of the work. Most of the lithographic work and finishing (bindery work) is done in New York City and other large centers, where paper, manufactured to specifications expressly for use of THE NATIONAL SURVEY is warehoused.

WHY ADVERTISE IN MANNING'S DIRECTORIES?

You Men—

Who spend Large Amounts of money on creative advertising—Who are prone to think of creative advertising only

A Word with you—

When you invest a dollar in merchandise, equipment and personnel, or anything else connected with your business, you protect that dollar to the utmost. What are you doing to protect your investment in creative advertising? The newspaper that you buy daily may have in it an advertisement that costs you many dollars. This paper has the date printed at top of each page—You saw the date. But when you reached your office and wanted the day of the month you referred to the calendar, not your memory. Your employees did the same, the whole business likewise

The Public—

May see your creative advertisement but when they want your products they will turn to Manning's Directory that lists you at least three ways and can double that if you say so. Turn to the Classified following Pink Section and get the full story by further reference to what you can say in a well displayed advertisement

Protect Your Investment—

In creative advertising by liberal advertising in the Buyers Guide for a small percentage cost of your creative advertising

"Green Mountain-Lake Champlain Route"

AN ESSENTIAL LINK IN FREIGHT TRANSPORTATION

Operating through a non-congested area, the Rutland Railroad assures prompt delivery on all traffic, east, west, north and south, to and from connecting lines.

Differential rates are in effect from New England to the West via the Rutland route, providing speedy, dependable service at lower freight rates.

Many locations for industrial development exist along the line of the Rutland Railroad and full information pertaining to same may be secured by communicating with

THE BEST ADVERTISING MEDIUM IS THE

CITY DIRECTORY

Because It Is Used The Most To Find Just Such
Information You Most Wish To Have
The Public Know

FIRST—what line of goods you handle. SECOND where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc. and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

This is the Sign of the Progressive Merchant

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Everyone has forefathers, these forefathers have made the history of this country; someday you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. The BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND IN NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

Directories of Any City Supplied at Short Notice

H. A. MANNING CO.

Every City Must Have a Directory

.... not only to give the names, business and addresses of its citizens, but also to give that character of the progressiveness that would record the information of its people and institutions for present usefulness and historical purposes

The biographical history of the masses is contained in the City Directory and no other place. That stamps its importance to the individual, business and organization. To make your history and benefit from its purpose to locate and identify you, watch your Directory registration to see that it accurately records your positions in life from year to year.

The merchants and organizations that sponsor and use this service will be glad to have you consult their Directories so that you may see that your information is correctly and completely listed. We will appreciate your suggestions.

WHY ADVERTISE IN MANNING'S DIRECTORIES?

You Men—

Who spend Large Amounts of money on creative advertising—Who are prone to think of creative advertising only

A Word with you—

When you invest a dollar in merchandise, equipment and personnel, or anything else connected with your business, you protect that dollar to the utmost. What are you doing to protect your investment in creative advertising? The newspaper that you buy daily may have in it an advertisement that costs you many dollars. This paper has the date printed at top of each page—You saw the date. But when you reached your office and wanted the day of the month you referred to the calendar, not your memory. Your employees did the same, the whole business likewise

The Public—

May see your creative advertisement but when they want your products they will turn to Manning's Directory that lists you at least three ways and can double that if you say so. Turn to the Classified following Pink Section and get the full story by further reference to what you can say in a well displayed advertisement

Protect Your Investment—

In creative advertising by liberal advertising in the Buyers Guide for a small percentage cost of your creative advertising

Insure your Advertising Appropriation with—
